

*Our **City.** Our **County.** United for **Change.***

---

Adam Bello, Monroe County Executive  
Mayor Lovely A. Warren, City of Rochester

The Commission on Racial and Structural Equity (RASE) was established to identify the structural racism and inequities in Rochester and Monroe County that systematically cause barriers to success for many residents while others thrive.

The Healthcare workgroup seeks to understand the catalyst of systemic racism in healthcare and listen to ideas on how to

eradicate it. The current inequities within our healthcare system are deep-rooted, complex, and require community input to be successful. It will take all of us to change the current system.

We are eager to hear about your experiences, while receiving healthcare services and your thoughts on what we can do to change the system. Thank you for taking the time to participate in making a change.

...

\* Required

1. In a perfect community, what would an ideal “Healthcare System” look like that is inclusive regardless of race? We encourage you to think big with no limitations.

- What would need to change?
- How would it operate differently?
- What specific health services would you like to see offered?
- How do we get there? \*

Enter your answer

2. Have you experienced discrimination or racism while receiving health services? \*

No

Yes
